

TRANSFORMING LIVES

Through Life And Work Enabling
Technology Solutions

CORPORATE PROFILE, 2024

Our Story

Established in 1993, Sidmach Technologies Nigeria Limited (SIDMACH) is a leading provider of large-scale software solutions in Africa. For over 30 years, we have been crafting innovative technologies that effectively address complex business challenges. Our solutions have positively impacted over 100 million people across the continent, solidifying our position as a pioneer in Africa's technological revolution.

SIDMACH is at the forefront of driving Africa's business transformation. Our solutions are used in various countries, underscoring our commitment to pan-African growth. We are confident that by partnering with SIDMACH, your company can leverage our expertise and experience to achieve significant success in the African market.

Sidmach's range of inventive solutions is a testament to its commitment to enhancing both the public and private sectors. For nearly thirty years, the company has been a reliable source of **scalable, secure, and user-friendly technologies, empowering businesses and boosting efficiency**. But **Sidmach's** influence doesn't stop there. It actively seeks fresh technological avenues, partnering with global tech giants to equip the youth with vital **IT skills**, ensuring they thrive in the modern job market.

MISSION & VISION STATEMENT

Vision

To be the preferred business and life-transforming partner.

Mission

To create platforms to make work smarter and life better.

People & Culture

At Sidmach, our corporate culture is built upon pillars that not only shape our identity but also define our unwavering commitment to our clients. These values are the very essence of who we are

Core Values

Integrity

Honesty, morality, and unwavering principles form the foundation of our operations. Integrity is not just a word; it's the backbone of everything we do.

Commitment

For US, commitment isn't just a promise; it's a way of life. We're a dedicated team committed to surpassing customer expectations. Our word is our bond, and our actions reflect that commitment.

Passion

The Sidmach spirit is one fueled by an unrelenting desire to excel. We don't just aim to meet standards; we strive to redefine them. Each day is an opportunity to surpass our previous achievements and reach new heights.

Team Spirit

We embrace the power of unity, recognizing that every stakeholder in our journey is vital. From inception to realization, every individual plays a crucial role in achieving our collective objectives, targets, and goals.

Uniqueness

In a world of similarities, we celebrate what sets us apart. Our operations, our people, and our service delivery all carry a distinctive touch that sets us apart from the crowd.

Awards and Recognitions

Amidst the journey of innovation and transformation Sidmach has been graced with a series of industry recognitions and accolades that stand as testaments to our commitment to excellence.

Here are some of our noteworthy recognitions:

What Makes us Different

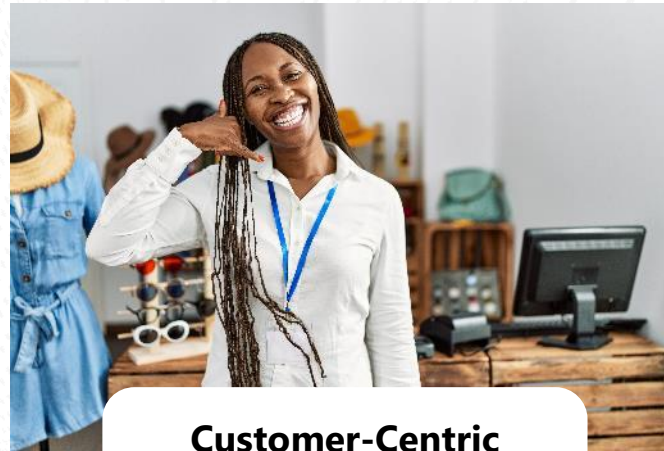

With over three decades of experience, Sidmach has a deep understanding of the IT landscape and a strong track record of delivering successful projects.

Innovation

Sidmach consistently stays ahead of the curve by embracing emerging technologies and incorporating them into its solutions, ensuring clients receive modern and future-proof solutions.

Customer-Centric

Sidmach places clients at the heart of its operations. By intently listening to client needs, fostering collaborative partnerships, and tailoring solutions, the company ensures that every engagement results in exceptional client satisfaction and enduring relationships.

Local & Global Impact

While headquartered in Nigeria, Sidmach's influence spans the globe. The company's reach is magnified by its transformative solutions that transcend borders and industries.

Projects Highlight

Exploring into our portfolio of accomplishments reveals a rich array characterized by innovation, resilience, and transformative impact.

Here's a glimpse into some of our exceptional ventures that have left a lasting mark across various sectors:

Revolutionizing Education with Technology

Developing online registration solutions for WAEC, we have ushered in a new era of efficiency and accessibility.

Our e-learning solution, also tailored for WAEC, has breathed life into modern education, fostering a dynamic learning environment.

WAEC Edustat stands as a testament to our Commitment to data-driven education, empowering educators and policymakers with insights for informed decisions.

Through our pivotal role in the AGILE (The Adolescent Girls Initiative for Learning and Empowerment) Project, supported by the World Bank and the Federal Ministry of Education, we have spearheaded initiatives such as the Train the Trainers program, empowering educators with digital skills (In partnership with the Ekiti State government,

Driving Digital Adoption in Education

Empowering Examination Landscapes

We have not just developed solutions but transformed them into tangible realities.

Our deployment and furnishing of Computer-based testing centers for WAEC, both nationally and internationally, have redefined the examination experience.

Pioneering a cloud backup solution for WAEC has not only fortified data security but has also empowered them to navigate the digital landscape seamlessly

Harnessing the Power of the Cloud

Elevating Academic Aspirations

Our online web portal for the Unified Tertiary Matriculation Examination registrations for the Joint Admissions and Matriculation Board (JAMB) has streamlined the journey of countless aspiring students. The revolutionary - initiative, powered by us, ensures the authenticity of certificates, safeguarding the credibility of academic achievements.

The National Youth Service Corps (NYSC) witnessed a digital transformation through our online Registration portal, revolutionizing how call-up letters and data are managed.

Modernizing Administrative Frontiers

Navigating Risk in the Digital Domain

A countrywide ICT Sector Risk Analysis for the National Information Technology Development Agency (NITDA) underscored our commitment to a secure digital landscape.

Connecting Communities Digitally

Through our establishment and operation of USPF-assisted Community Communications Centres (CCC) for the Universal Service Provision Fund (USPF), we've illuminated digital pathways in remote communities.

Cultivating the Agricultural Sphere

Our e-Agriculture Portal for the Ministry of Agriculture, in collaboration with NITDA, has sown the seeds of technological advancement

The Nigeria Healthcare System witnessed a paradigm shift with our Digital Platform, another collaborative endeavor with NITDA, revolutionizing healthcare management.

Pioneering in Healthcare Records

We deployed a Web Portal Solution for The Health Records Officers Registration Board, bridging the gap between healthcare and technology.

Our 2010 Military Verification Exercise with Biometrics Enrolment for the Military Pensions Board (MPB) exemplified our commitment to harnessing technology for security enhancement.

Strengthening Healthcare through Technology

Innovating Security Measures

Shaping the Future of Education

Collaborating with the Nigerian Educational Research and Development Council (NERDC), we developed an e-Curriculum Portal, shaping the nation's educational future.

We championed Digital Literacy through the Implementation of Microsoft Imagine Academy (MIA) at Adeleke University, propelling students toward a tech-driven future.

Empowering Educational Institutions

The Federal Polytechnic Idah experienced enhanced connectivity with our Campus Wireless Infrastructure Solution, while Cambridge University Press benefitted from our robust hardware and network infrastructure.

Our Web-Based School Administration Portal for Bethel College of Education streamlined administrative operations, fostering efficient management.

Fostering Digital Literacy

Empowering Administrative Efficiency

ICT Infrastructure Services

Sidmach offers the service and support needed to start and maintain smooth **IT Operations** for businesses; ranging from **Desktops** to **Laptops, Server Infrastructure, Networking, Systems Management,** and **Enterprise Solutions,** among other necessary ICT needs of a company.

eStudy redefines exam preparation, giving access to WAEC past exams, marking guides, and study packs for students and schools.

eCurriculum

Online curriculum management system that helps schools create, manage, and deliver their curriculum. To improve the efficiency of their curriculum delivery.

Our Solutions

The Bizkit logo icon, which is a stylized blue letter 'B' with a small white square inside the top curve, followed by the word "Bizkit" in a blue, sans-serif font.

BizKit

For small and medium businesses, Bizkit simplifies complexity. Streamline processes, save time, and amplify productivity, all while optimizing cost-effectiveness.

Approval Flow

A cloud-based software that automates the approval process for various types of requests, such as purchase orders, expense reports, and vacation requests. It can help organizations to improve efficiency, reduce errors, and comply with regulations.

eRegistration

Seamlessly orchestrate exams with E-registration, an end-to-end examination management system fortified by biometric technology. From registration to result processing, this solution amplifies precision and efficiency.

Tymley

Witness attendance management evolves with Tymley. Deploying biometrics, it offers precise attendance monitoring and comprehensive working-hours management.

We develop customizable solutions to address everyday challenges, making life easier.

We are constantly evolving, learning, listening, and understanding some of the biggest challenges faced across the industries we serve.

Human Resource Management System

Electronic Assessment & Marking System

Education Management Information System

E-Agric 360, Simplifying the Agriculture Value Chain

Comprehensive Healthcare Management System

 Robust Technology Infrastructure

 Scalable and Tailored Solutions

 Cross-Sectorial Applications

 Partners with Global Tech Leaders

Custom Solutions

Solutions delivering transformative impact at scale to some of the biggest bodies Nationwide.

NYSC Integrated Systems (NIS:) NIS transforms NYSC operations, managing corps members, placements, and service tracking seamlessly.

JAMB Online Integrated System (JOIS): JOIS simplifies JAMB interactions from registration to result checking and credential uploads.

WAEC Verify ensures certificate authenticity, effortlessly confirming WAEC and affiliated bodies' credentials.

WAEC Edustat offers web-based data insights, revealing exam performance for informed educational strategies.

BOARD OF DIRECTORS

Our Leadership at Board Level

BOARD OF DIRECTORS

At the helm of Sidmach stands a group of distinguished leaders who shape our vision, drive innovation, and steer our journey toward success.

Adedayo P.S. Arogundade | Chairman, Board of Directors

Adedayo P.S. Arogundade, an astute leader with a fervor for innovation and growth, is an accomplished alumnus of the University of Lagos. His prowess is underlined by certifications in ICT, Management, and Executive Leadership from Nigeria and abroad. Named the "ICT Man of the Year" at the Beacon of ICT Awards in 2017, Adedayo has amassed a rich tapestry of experience across diverse sectors, having contributed to renowned entities like NITEL, Unilever Plc, Shell Petroleum Development Company, and Data Sciences.

Michael A. Olajide | Managing Director

Michael A. Olajide, is an ICT veteran with over 35 years of experience as a System Analyst and brings a wealth of expertise to our leadership. A proud alumnus of the esteemed University of Lagos, Michael is a well-traveled scholar with a remarkable array of Professional and Leadership Skills and Certifications from over 40 countries. He's been recognized with numerous awards, including the distinguished Simon Agu Prize for Software Excellence as the Best Software Entrepreneur of 2017.

BOARD OF DIRECTORS

Hassan U. Alao | Director

Hassan U. Alao, a seasoned Engineer with over 25 years in the IT sector, brings a legacy of expertise to our leadership team. He has been instrumental in pivotal IT projects, including pioneering the first clustering and networking systems for Shell Petroleum Development Company Nigeria, IDSL (Subsidiary of NNPC), and NEPA. Hassan's journey encompasses roles at esteemed companies like Haven Computers, Leventis Group, and Data Sciences.

Chijioke A. Eke | Director

Chijioke A. Eke is a visionary ICT Expert with an illustrious career spanning top-tier companies such as KPMG, NNPC, Shell Petroleum Development Company, Perry Consultants, and Data Sciences. As a seasoned Network Integration Specialist, Chijioke has played pivotal roles in numerous ICT projects of national significance. His experience is fortified by multiple IT and executive leadership certifications earned both within Nigeria and overseas.

Eno S. Udofia | Director

Eno S. Udofia assumed the role of Director after the passing of her late husband, Mr. Samuel Udofia, who was one of the founding Directors of the company.

She holds an NCE degree from the College of Education, Uyo, Akwa-Ibom State (now known as the University of Uyo), and has established herself as a successful businesswoman.
